## **DETAILED ACTION**

### ***Allowable Subject Matter***

1. Claims 1-25 are allowed.
2. The following is an examiner's statement of reasons for allowance.
  - The prior art fails to teach an apparatus of Claims 1 and 12 that specifically comprises the following:
    - The instant application is deemed to be directed to a non-obvious improvement over the admitted prior art of the instant application and the invention patented in Pat. No. US 6,854,044 and US 6,750,675. The improvement comprises "a special character selection input indicating which one of a plurality of different special characters is to be used for byte alignment, the plurality of different special characters including special characters having a plurality of different sizes in terms of how many bytes they include;" as recited in combination with other limitation as claimed.
3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

### ***Conclusion***

4. Reference(s) US 6,854,044 and US 6,750,675 are cited because they are put pertinent to the Programmable logic devices with multi-standard byte synchronization and
